# FOUR CANDLES

## CANDLE OF REMEMBRANCE

We remember the members of the John Jay College community we lost on 9-11 and in the aftermath. Remembrance is not only about sadness. It is about honoring the fallen and acknowledging that their influence and spirit will continue to direct our thoughts and deeds toward loft purposes.

## CANDLE OF HUMANITY

May the light of this candle transform darkness and sorrow into a beacon of hope and remind us of the strength of human spirit, civility and kindness.

## CANDLE OF RESILIENCY

The candle of resiliency represents strength and power. The victims and survivors of 9-11 were courageous. Our community today is also courageous in confronting our fears as well as disrupting biases, stereotypes and discrimination and in seeking to overcome obstacles to persevere.

## CANDLE OF ADVOCACY

This candle represents John Jay—we educate and empower fierce advocates for justice. Students, faculty, staff and alumni work each day for a more just society, advancing compassion, dignity, and respect and creating an environment that offers every individual an equal opportunity to flourish.

## OUR GRATITUDE
