WHAT'S KILLING YOU IN YOUR NEIGHBORHOOD: IS IT GUNS OR IS IT FOOD?

AN INTERACTIVE DISCUSSION WITH PROFESSOR JANICE JOHNSON DIAS

In recognition of World Food Day, Professor Johnson Dias will discuss nutrition and food justice. The discussion will also include a call to action for students. Professor Johnson Dias will address what students can do to give back and where they can begin if they are interested in issues of food and social justice.

This event includes a food drive. Students are encouraged to bring a non-perishable food item and will receive a healthy snack in return.
