

JOHN JAY COLLEGE
THE CITY UNIVERSITY OF NEW YORK
OF CRIMINAL JUSTICE

The Center for Cybercrime Studies

Presents

Identity Theft

Speaker: *Jose Morales*

Computer Science Department
Borough of Manhattan Community College

This presentation will focus on the following:

- What is Identity Theft
- Ways in which your identity can be stolen (phishing, key loggers, insider threat, etc)
- How to find out if your identity has been stolen
- What should you do if your identity is stolen
- Lower your risk of becoming a victim of identity theft
- Future outlook for I.D. theft

During the presentation you will learn about web sites that can aid in you detection and risk reduction of I.D. theft. How to become a smart and better Netizen of the World Wide Web. You will be empowered with information and tools to protect your children and loved ones from becoming unsuspecting prey of I.D. thieves. Do not miss out on discovering the latest identity theft trends.
