Advising Guidelines for Economics Majors with Specialization in Forensic Financial Analysis

Every economics major is assigned a faculty advisor to mentor and provide guidance on academic and related matters. All economics majors are encouraged to see their assigned advisors (see advisement assignment table) before scheduling courses.

Here are some suggestions:

1. Review the student's transcripts for errors. Common errors include the following:
 - **Misclassification of Major and/or concentration.** Verify with the student that he/she is classified in the major of their choosing (e.g., B.S. Economics). Also verify the student is in the concentration of their choosing; A, B or C. Students may need some sound advice on which concentration to choose. Their choice is important to them and is also important to us so we can schedule the appropriate courses as needed.
 - **Transfer credit mistakes.** Common errors include transferring Intermediate Accounting II from BMCC as ECO 235 (Finance for Forensic Accounting). These students should be given credit for Economics 200 level elective. Business Law taken at BMCC should transfer as ECO 101 Principles of Economics. Note that this is a quirk in the BMCC articulation agreement and does not apply to any other agreements.
2. Verify which, if any, articulation or dual/joint degree agreement applies. We have agreements or proposals with all six community colleges and one (City Tech) senior college (see table below). It is important to determine which agreement, if any, applies because the agreements are all slightly different. Note that the agreements only apply to Concentration C. If the student does not qualify under any of the agreements they will have to fulfill all of John Jay's requirements, including all general education (e.g., two 4-credit science courses). As a general rule, the articulation agreements have less general education requirements but slightly more economics requirements (e.g., ECO 235 Finance for Forensic Accounting). If the student is not covered by any agreement, please use the four-year advising guideline – the last advising guide provided herein.
3. Once you have reviewed the transcript for errors and determined which agreement is applicable, you can use one of the attached advising guides. The student must transfer with the appropriate Associate Degree to qualify for the agreement. For example, an A.S. from BMCC in business (or other major) is not equivalent to an A.A.S. degree in accounting. I suggest you have the advisee fill out the form first and then review his/her work and plans for future semesters. Please be exceptionally careful. Many of these students have already been given bad advice (e.g., GOV 101 is required) and we want to improve on their experience. If you are the least bit uncertain about your advice, please do not hesitate to ask questions.
4. Once you have completed your advising, please file the advising guide, transcript, and any correspondence in the student's file for future reference and updating.

Summary of Agreements with other CUNY Colleges*

	Agreement	Associate Degree	Agreement Type	Status
1	Borough of Manhattan Community College	A.A.S. in Accounting	Articulation	Completed
2	Borough of Manhattan Community College	A.S. in Accounting for Forensic Accounting	Dual/Joint Degree	Pending
3	Queensborough Community College	A.S. Accounting	Dual/Joint Degree	Pending
4	Hostos Community College	A.S. Accounting for Forensic Accounting	Dual/Joint Degree	Completed
5	New York City College of Technology	A.A.S. in Accounting	Articulation	Completed amendment pending
6	Bronx Community College	A.S. in Business Administration with the Accounting Option	Articulation	Completed
7	Kingsborough Community College	A.A.S. in Accounting	Articulation	Pending
8	LaGuardia Community College	A.A.S. in Accounting	Articulation	Pending

* These agreements apply only to the Forensic Financial Analysis Specialization. There are no agreements for the other specializations.

Advising Assignment Table for Economics Majors

@ John Jay

Every economics major is assigned a faculty advisor to mentor and provide guidance on academic and related matters. All economics majors are encouraged to see their assigned advisors (see assignment table below) before scheduling courses.

Student advising assignments are done according to the first letter of students' last name. For example an Economics major student named Jane Doe, who falls into category "D" in the assignment table below, has Professor Joan Hoffman as advisor.

Students Whose Last Names Begin With:	Faculty Advisor	Office Location	Phone Number
A to B	Name: Jay Hamilton Email: jhamilto@jjay.cuny.edu	North Hall 3505	212-237-8093
C to F	Name: Joan Hoffman Email: jhoffman@jjay.cuny.edu	North Hall 3517	212-237-8067
G to J	Name: Randall LaSalle Email: rlasalle@jjay.cuny.edu	North Hall 3509.1	212-484-1308
K to L	Name: Cathy Mulder Email: cmulder@jjay.cuny.edu	North Hall 3505	212-484-1309
M to P	Name: Geert Dhondt Email: gdhondt@jjay.cuny.edu	North Hall 3500	646-557-4845
Q to S	Name: David Shapiro Email: dshapiro@jjay.cuny.edu	North Hall 3509.2	212-237-8849
T to Z	Name: Christopher Warburton Email: cwarburton@jjay.cuny.edu	North Hall 3516	646-557-4523

Name _____

GENERAL EDUCATION PROGRAM CHOICES

I. Skills Requirements (12-15 semester hours)

English 101 or 0951 (English 101 is a prerequisite for all courses at the 200-level.)

English 201 (English 201 is a prerequisite for all courses at the 300-level or above.)

Speech 113 or SEEK-Speech 115

Mathematics 104, or 105 or exemption

Mathematics 108 or 141

II. Core Requirements (15 semester hours)

History 203, 204 and 205 (select two of the three)

Literature 230 or 231 and Literature 232 or 233

Philosophy 231

III. Distributive Requirements (27 semester hours)

A. Cultural Studies

1. Foreign Languages (0-6 semester hours)

The foreign language requirement is a one-year sequence. It is strongly suggested that students seeking a bachelor's degree complete the sequence within a three-semester time period. Students who have completed three years of a language at the high school level, including a passing grade on a Level III Regents Examination are exempt from the foreign language requirement. Transfer students who can provide documentation showing they have successfully completed one year of a foreign language on the college level may have fulfilled the foreign language requirement. Please note: No credit will be given for foreign language courses completed with the grade of D at non-CUNY colleges. Students who can provide documentation of a high school degree from a foreign country whose primary language is not English are exempt from the foreign language requirement but are not awarded any credits. Students who receive a grade of 3 or higher on the Advanced Placement Examination in high school are exempt from the foreign language requirement and will be awarded six credits which may be applied toward a minor in a foreign language. Credit by examination (up to a maximum of 6 credits) or exemption by examination may be obtained by taking the CLEP examination, which is administered by the Testing Office.

2. Ethnic Studies (3 semester hours)

Select one of the following three courses:

Ethnic Studies 123. Race and American Society: The African-American Experience

Ethnic Studies 124. Puerto Ricans and other Hispanics in American Society

Ethnic Studies 125. Race and Ethnicity in America

3. Fine Arts (3 semester hours)

Select any three-credit course in Art or Music or Drama

B. Social Sciences (6 semester hours)

Economics 101 is required in the economics program, which will also satisfy one of the social science requirements. Select one additional course from the following: Anthropology 101, Government 101, Psychology 101, or Sociology 101

C. Natural Sciences (8 semester hours)

Natural Science 107

Select one of the following: Biology 103 or 108; or Chemistry 103 or 108; Environmental Science 108; or Forensic Science 108; or Physics 101 or 203

D. Physical Education (1-3 semester hours)

This requirement is fulfilled by any of the following:

1. Any course offered by the Department of Physical Education and Athletics, for 1–3 credits
2. Police Academy, Fire Academy, or other comparable agency training, or military training, for which an exemption from the Physical Education requirement is granted.
