

## **Graduate Student Success!**

Based on 2014 alumni survey data, the majority of our graduates were able to secure employment in the field within three months of graduation, and for 76% this first job was a forensic science related position.

Our Alumni are employed by public laboratories, private laboratories and universities. They are employed as technologists, research associates, associate chemists, senior scientists, forensic scientists, research microscopists, criminalists, lab techs, DNA analysts, toxicologists, consultants and teaching faculty.

You can find some of our Alumni working with the following employers:
