9/11 Legacy TLC Open Conversations: 9/11 and Service

Monday, December 6, 2021 | 1:40–2:55 p.m. | Zoom

Join expert scholars and leading service providers as they discuss the role that volunteerism and service played in response to the 9/11 attacks and how the annual remembrance of 9/11 has been transformed into a day of service. The discussion will showcase lessons learned, opportunities for engagement and the power of service to heal communities and foster unity.

Forensic Science and 9/11 Identification-Seminar 4: Forensic Genetics

Thursday, December 9, 2021 | 4:00–5:00 p.m. | ZOOM

In 2001, DNA analysis was not yet a standard component of disaster victim identification. As the last talk in the seminar series, John Jay College faculty member Dr. Mechthild Prinz will cover the rapidly expanding role of forensic DNA analysis during the 9/11 effort.
